INTRODUCTION/INSTRUCTIONS

~~~~~

Welcome yet another file by yours truly, Video Vindicator! This wonderful file will hopefully be updated by me every 2-4 months, or sooner if I see an immediate need. What it basically is, and does for you, is identify any account you may have, or pull up... Not only does it do this, but it also supplies you with quite a few accounts (minus the pw's) to play with... The first bit of 2 letter identifiers tell you what the specific account is, so If you decide you need to inquire in the form of an Auto company, that is possible. Any of them that start with a (?) are not definant what they are, but my best guess is what is listed. Any that say UNKNOWN are fairly self-explanitory. Make sure to verify the freshness of this wonderful file by the date in the upper left hand corner of my title. This is the sister-file to the Carding, My Way Trilogy, but can be used as a stand-alone file for all those striving for a higher awareness through CBI (Although they have changed their name to Equifax, they will always remain CBI in my heart).

As with all my files, I claim full responsibility for everything contained herein, and make no hesitation to support and illegal use of this info.

If you do a pullup which has an inquiry or account with either a ID I don't have and/or an account/merchant name, please leave me mail so I can update the next release. Remember, CBI Accounts are port-specific, so do not attempt to use any of these ID's at any port outside of their area. This would most likely cause the early demise of the account. The only companies who issue major credit cards are BB's, FC's, and ON's. Minor credit cards are issued mainly by CG's, DC's, HZ's, OC's, etc... As far as major card companies are concerned, FC's are the hardest to abuse.

Here is just kind of a overview or what each first letter refers to, since the second (in most cases) seems to refer to a more specific part of the large group topic... I'll just go through the alphabet as best I can...

A - Mainly Auto-related Companies  
B - All Banks

#### CBIACNT3.TXT

C - UNKNOWN  
D - Mainly Store (Department, grocery, etc)  
E - UNUSED  
F - Loans and other types of Financing  
G - UNUSED  
H - Home Improvement type things  
I - Insurance Companies  
J - Jewellery Stores  
K - UNKNOWN  
L - UNKNOWN  
M - Medical Companies  
N - UNUSED  
O - Non-Revolving type credit cards  
P - UNKNOWN  
Q - UNUSED  
R - Real Estate Businesses  
S - UNKNOWN  
T - UNUSED  
U - Utilities (Phone, Water, Gas, etc)  
V - City/State Related  
W - UNUSED  
X - UNKNOWN  
Y - Collection Agencies  
Z - UNKNOWN (Guessing Misc. Area)

I'm starting to think that the Z might represent misc. in all areas, but I am not sure yet... If that is the case, then I will update accordingly...

#### MISC COMMENTS

~~~~~

Ok, here are some basic thoughts or notes I'd like to make on some of the information herein. If the account (the merchant ID) is listed twice, it's because they have more than one field denominator. If you are wondering why some companies have more than one CBI account, it's because one is for the credit verification department (which will show up in the inquiries) and one for the individual stores and/or the main branch that issues the card (the acct which the information is listed on the pull). I think that some of the dept store cards (DC, CG, HZ, etc) are actually controlled by the Sears Financial Network and can be treated like Discovers. When you notice a bank with the same four digits as another bank in it's Visa or MC, this is probably due to the fact it contracts out for it's cards. The larger will be the true bank, but the issuing and account are controlled by the one listed.

COMPANY ACCOUNTS/MERCHANT NAMES

~~~~~

One note on all the below accounts. If the merchant name appears in all

## CBIACNT3.TXT

CAPS then it has not been verified, and is just a retype of the CBI 8 char identifier. If anyone has any leads to the true identities of these comps, please notify me. Also, new to this release is the FIRST 6 area. This contains the first 6 digits off of any MC/Visa/AmEx/Disc that I pass over, so by referencing those number, you can always find out what the issuing bank is. One note, I included the 6 digits in a '(' so it makes searching easier... Simply search for (xxxx that way you won't get stuck on acnts that match that number. The last 2 I simply put on for the hell of it, and rarely match other cards.

FIRST GROUP NUMBER/STATE

~~~~~

Ok, For this release I completely redid this area, so try to make life a little bit easier. For right now, I still list them in numerical order, but I could easily switch to state first... Please let me know which you prefer so as to make my decision. If there are any discrepancies, I apologise, this is a real bitch area to work on and get 100% correct without a manual (or for that matter, even 75%)...

OTHER FILES TO REFER TO

~~~~~

Here's some of the other files I have released concerning CBI and/or Credit card Fraud:

|                         |           |                                         |
|-------------------------|-----------|-----------------------------------------|
| Carding, My Way         | - 3 parts | - Covers from intro to advanced carding |
| The Complete CBI Manual |           | - Teaches you exactly how to use CBI    |
| Spy Schools             |           | - Lists several Fraud Newsletters       |

Any of them would bring awe's of admiration if finely bound and left in plain sight. Pick 'em up at a good board near you.

CONCLUSION

~~~~~

Well, this concludes another release of this file, and so far the response has been very favorable towards it. I have full intentions of continued support for this file, and look for it quarterly (now it finally seems like it will be, instead of a monthly thing). If anyone comes across accounts that are not listed on here, please leave them to me in mail, so as to update this list. Also, if there is any other information you think should be listed, please contact me at the below systems, and I'll consider your request. Enjoy abusing this file in all ways possible.

Special thanks go out to all those who made this fine file possible, but especially to these hardworking, upstanding, individuals:

THE WHITE RIDER	/<LUDGE	EREKOSE
DIGITAL HITLER	MINDWALKER	REDRUM
MAXIMUM OVERDRIVE	STRATO VIPER	MR DRUNKFUX

And anyone else who I forgot! Get in touch with me on any of the Boards listed below, Since I always like to hear from my readers... Or just call them because they're awesome and get my files! And always remember...

In fraud, there can be no mercy.
