WARNING: READ INSTRUCTIONS CAREFULLY PRIOR TO USE.

Notice: Possession and/or use of pepper spray may be prohibited or regulated in some states or locales. Improper use may result in criminal action, including but not limited to lawsuits, fines, prosecution and even imprisonment. Pepper spray should only be used in cases where you (or someone you are protecting) are in an unavoidable and threatening situation.

Exposure: KEEP OUT OF REACH OF CHILDREN. Severe irritant affects eyes, skin and respiratory areas. In case of exposure, rinse eyes with water. Wash skin thoroughly with soap and water. DO NOT RUB. Do not apply creams, salves or lotions. If symptoms persist after 45 minutes, call a physician.

Caution: Contents under pressure. Keep away from heat. Do not store above 120° F, below 32° F or in direct sunlight. Use caution when activating in windy conditions. Do not puncture or incinerate can. Do not carry on any passenger aircraft.

Please ensure that you are familiar with the operation of your Ultra Pepper Spray System, and that you are aware of the applicable laws in your area with respect to the use of this type of product.

ULTRA PEPPER SPRAY REPLACEMENT HEAD

To activate the Ultra Pepper Spray System:

- Remove the white Strobe Actuator Tab to activate the strobe of the replacement head (light will now strobe).
- If the original Ultra Pepper Spray head is still in the base, remove and properly discard the original head (visit www.ruger.com/tornado for full instructions). Note that removing the original head will cause the alarm to sound.
- Place the replacement head into the Ultra Pepper Spray System base (both Alarm and Strobe will automatically shut off).
- Slide the clear plastic Safety Door up until it clicks in the closed position.
- Repeat the release and replacement of your Ultra Pepper Spray System to ensure the activation is functioning properly.
- Remove the orange pepper spray Actuator Clip.

Your Ultra Pepper Spray System is now fully activated and in the safe position.
