

Cold & Flu Remedy

Organic Solutions manufactures an Echinacea Plus formula tincture which is second to none, period. We have our Echinacea Angustifolia roots wildcrafted early in the morning and shipped to us the same day packed in wet burlap and ice. We fill our gallon jars _ full with this fresh root and then add a special distilled water/alcohol combination to start drawing the essential oils and vital chemicals out of the root. The brew is ready to press two weeks later, however most of our jars brew for six months or more as it does get better with age. We then press it on the Full Moon just as the Farmers and Master Herbalists of olden days used to do, thus drawing out the maximum amount of goodness. After this pressing, a small amount of Organic Garlic and Organic Habanero juices are added to increase absorption into the body for faster and more potent results.

Echinacea Ingredients:

Wildcrafted Echinacea Angustifolia root, Organic Garlic juice, Organic Habanero juice in a base of distilled water and alcohol.

Total Tonic All-Organic Ingredients:

Garlic bulb, Horseradish root, Onion bulb, Ginger root, Cayenne peppers in a base of Raw unfiltered Apple cider vinegar.

The second great formula in this Cold & Flu Remedy is Total Tonic, a concoction which is also an Anti-Plague formula. This formula taken with Echinacea can successfully wipe out ANY cold or flu bug going around. By themselves they are awesome enough, but taken together they are unbeatable in handling viruses, bacteria, and fungi with no negative effects or damage to intestinal flora in your system. Another name I call them by is "The Dynamic Duo".

A RESEARCH STORY

by Ian "Doc" Shillington N.D.

I've been researching and working for over 10 years to find an herbal formula that could do it all, and I finally found it in Total Tonic. In an emergency situation, if I could have only one herb, it would be CAYENNE. In a non-emergency or every day circumstance, that one essential herb would be GARLIC. One of the most controversial items on the market for the last thirty years has been DMSO (a chemical Sulfur compound) derived from Pine trees. I have met several people over the years who have sworn their cancer, their heart disease, etc. had been cured by the use of this product. The latest on the market is MSM (a purified chemical Sulfur compound) that is also manufactured from Pine trees. Similar healing claims have been made about MSM. Even a century ago, many cures were effected by using Sulfa drugs and the use of Sulfur was recognized world-wide as an accepted medical tool. Well guess what? Garlic has more sulfur per cubic inch than any other herb (food), and is naturally composed of over 77 different sulfur compounds. GARLIC is one of the few places to find DMSO and MSM in higher quantities, in a natural state, with all essential nutrients and enzymes necessary to process the sulfur into your system. Many of you are aware of the fact that, Organic Raw Unfiltered Apple cider Vinegar is one of the most effective catalysts used to help the body absorb herbs, vitamins and minerals. Total Tonic has it all and gives you all the above compounds naturally. There is no better formula available. Add to it the Echinacea which jump-starts and fires up your immune system faster and better than any other ingredient, and any Cold or Flu is history. Period.
