

**CHEMICAL ACCIDENT  
CONTAMINATION CONTROL  
CONTENTS**

	<b>Page</b>
<b>CHAPTER 1. INTRODUCTION</b>	
Purpose and Scope .....	5
Responsibilities .....	5
Explanation of Terms .....	6
Hazards .....	6
Contamination Control .....	7
<b>CHAPTER 2. CONTROL OF CHEMICAL ACCIDENT/INCIDENT SITE</b>	
Control Organization (CAIC Organization) .....	11
Control Measures .....	11
<b>CHAPTER 3. NBC TEAMS DECONTAMINATION SECTIONS AND EQUIPMENT</b>	
<b>Section I. NBC Team</b> .....	15
Mission .....	15
Organization .....	15
Training .....	16
Utilization .....	17
<b>Section II. Decontamination Team</b> .....	18
Mission .....	18
Organization .....	18
Training .....	19
Utilization .....	19
<b>Section III. Equipment</b> .....	20

\*This publication supersedes FM 3-21, 14 August 1972.

## **CHAPTER 4. DETECTION**

Chemical .....	23
Protective Clothing .....	23
Detection at Command Post Location .....	23
Detection at Hot Line and Contamination Reduction Area .....	24
Detection in the Hazard Area .....	26
Recheck .....	26
Unknown Chemical Material .....	27

## **CHAPTER 5. DECONTAMINATION**

Personnel Decontamination .....	29
Layout of the PDS .....	29
Equipment .....	29
Area and Equipment Decontamination .....	33

## **APPENDIX REFERENCES**

Department of the Army Publications .....	36
Commercial Publications .....	37

## **LIST OF TABLES**

	<b>Page</b>
Table 1. Suggested Training for NBC Team and Decontamination Team .....	17
2. Suggested Equipment for NBC Team and Decontamination Team .....	21
3. Recommended Protective Clothing .....	23
4. Decontaminants for Chemical Accidents/Incidents .....	32
5. Mixing of Decontaminants .....	33

## **DIAGRAMS AND PHOTOGRAPHS**

Figure 1. Emergency Personnel Decontamination Station .....	7
2. The CAIC Organizations Augmented by Specialized Teams .....	10
3. Initial Hazard Area .....	12
4. Organization for a Typical Chemical Incident .....	25
5. In and Out Method .....	27
6. Typical Arrangements of PDS at a CB Accident Site .....	30
7. Area Decontamination by the Back and Forth Procedure .....	34
8. Area Decontamination by the Circular Procedure .....	35
