Notes on area 705

new prefixes for December 1991 edition:
525 Sudbury, 725 Barrie, 788 Huntsville, 840 North Bay.

new prefixes for March 1991 edition:
329 Orillia, 646 Bracebridge, 670 Sudbury, 740 Peterborough,
981 Thorne (seems to be new location).

1990 edition:
527 Midland and 431 Stroud are new. 497 North Bay, 524 Sudbury,
741 Peterborough and 946 Sault Ste Marie are also new (and may be cellular).

495 in North Bay and 688 Sudbury are relatively new exchanges, too.

Exchanges have been defined for previously undialable places such as
Kiosk (773).

There are of course various "toll stations" in certain isolated portions
of the area code. They are likely connected to existing exchanges or
specially connected through operator assistance.
