Note and Comment

This is the updated Newfoundland list. First edition, Aug 1989. Second edition is April 1990 (a bit of a wait, unfortunately). Third edition is March 1991 (ouch... this updating really gets done slowly) Now onto fourth edition December 1991 with a couple of new prefixes such as 758 St John's, 894 Burin, 472 Come By Chance, and a number of Labrador prefixes were discovered (indicated by (L) in the list of place abbreviations); not all Labrador locations are marked yet, but hopefully will be for an upcoming edition.

Pensons Arm 951 appears to be a new, or previously undiscovered, exchange for the March 1991 update.

Exchanges for mobile service are:

458 - Northwest Newfoundland (Rocky Harbour)

463 - East Newfoundland (Arnold's Cove)

654 - Northeast Newfoundland (Browns Arm)

885 - South Newfoundland (Harbour Breton)
