STATE POLICE FREQUENCIES

Source: Monitoring Times Magazine
Reprinted by: John Johnson, KVV8BP
of the Hotline BBS 304-736-9169

This was from an older article of Monitoring Times, specifically the best of MT 1985, however this should still give you a perspective of the Freq's they are using and most should still be accurate, except those which have moved to the 800 mhz portion..
